## ABOUT PROJECT

AcademAid is basically an assessment system that is design only for IT students of UM Digos College. This project's main function is to help IT students perform well academically in class

# FEATURES

## The Student's Dashboard features:

**Assessment test:** where the student takes assessment test for every major subject in his year level.

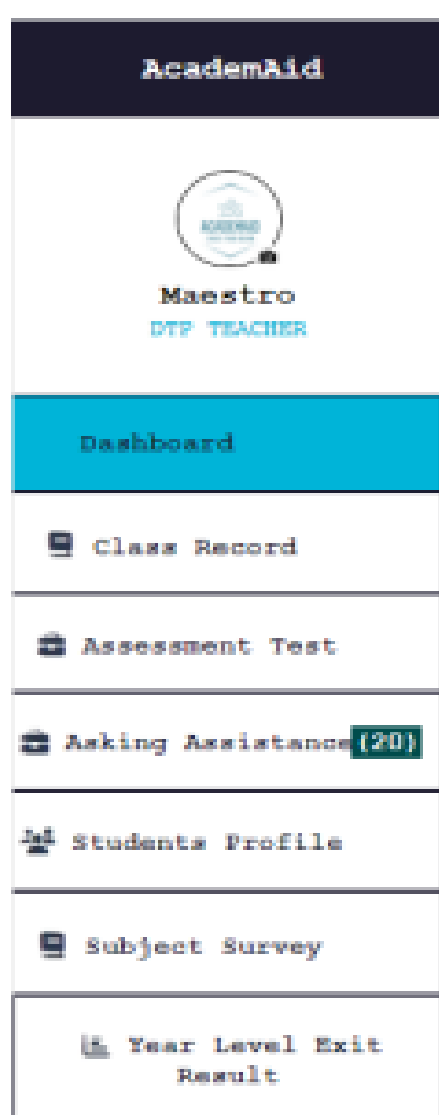

**Ask for assistance:** where the student ask for assistance about their major subjects.

**Student Performance:** is a record of student's score in the assessment test and graded of its subjects.

**Subject Survey:** where students can rate their subject's performance.

**Year level Exit:** Where student take test to identify if he/she is qualified to proceed to next year level.

# FEATURES

**The Teacher's Dashboard features:**

**Class Record:** It's a list of students who is enrolled in a specific subject.

**Assessment Test:** Where teacher create the questions of the assessment test and view the student's scores.

**Asking Assistance:** Where teacher view the students who ask for assistance, and create a schedule for them.

**Student's Profile:** Its a record of student's scores and grades.

**Subject Survey:** List of students who give rates to the subjects.

**Year level Exit Result:** Where teachers create question for year level exit and view students score of it.

# FEATURES

## The Admin's Dashboard features:

**Account Creation:** Creation of account of student and teacher

**Teacher:** List of Teacher who have an account of the system.

**Student:** List of students who have an account of the system.

**Asking for Assistance:** List of students who asked for assistance.

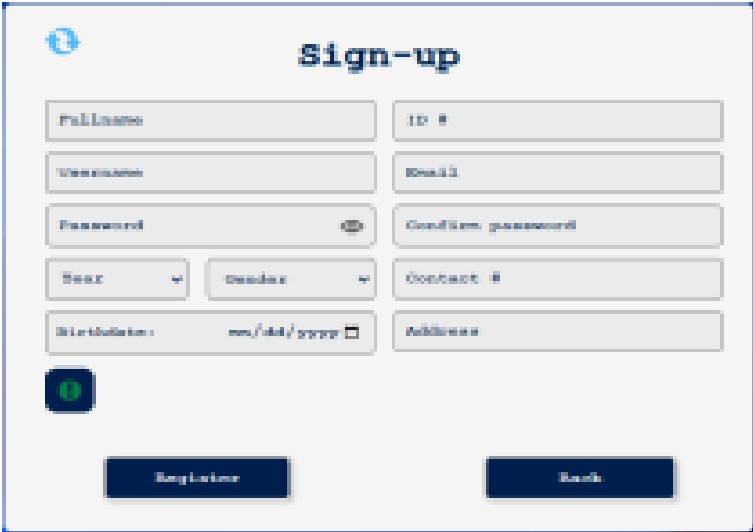

**Subject Encoder:** Where subjects are being incoded along with its assigned teacher, its year level, semester and term.

**Add subject:** Encoder of all major subjects in BSIT only.

**Subject Survey:** Students who gives review to any subjects.

## HOW TO USE

First the student user must create their account.

The image shows a 'Sign-up' form with the following fields and controls:

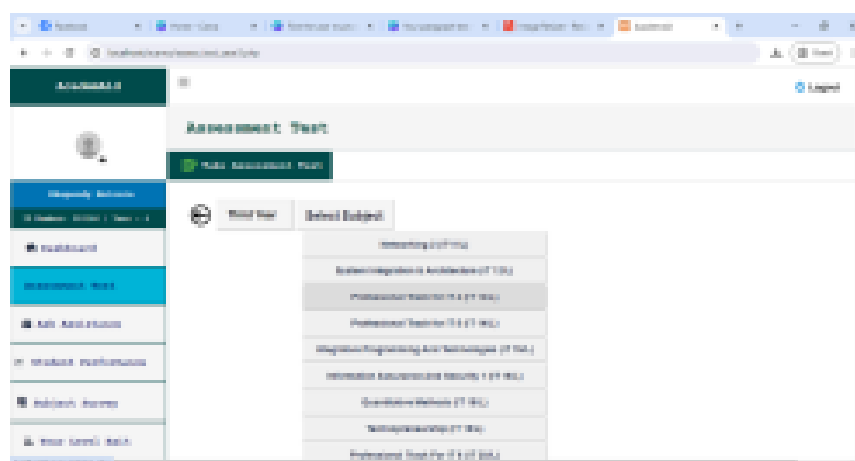

- Fields:** Full name, ID #, Username, Email, Password (with an eye icon for visibility toggle), Confirm password, Sex (dropdown), Gender (dropdown), Contact #, Birthdate (with a date picker set to mm/dd/yyyy), and Address.
- Buttons:** A green circular button with a plus sign is located below the Birthdate field. At the bottom of the form are two dark blue buttons labeled 'Sign Up' and 'Back'.

Then after the student user created an account, he will wait for the admin to verify and approve his account. Usually the account verification takes no longer than 24 hours.

## HOW TO USE

Then after 24 hours the user's account is verified, he can now log-in to the system.

Now that student user is log-in, he must take the assessment test by clicking the assessment test in the left side.

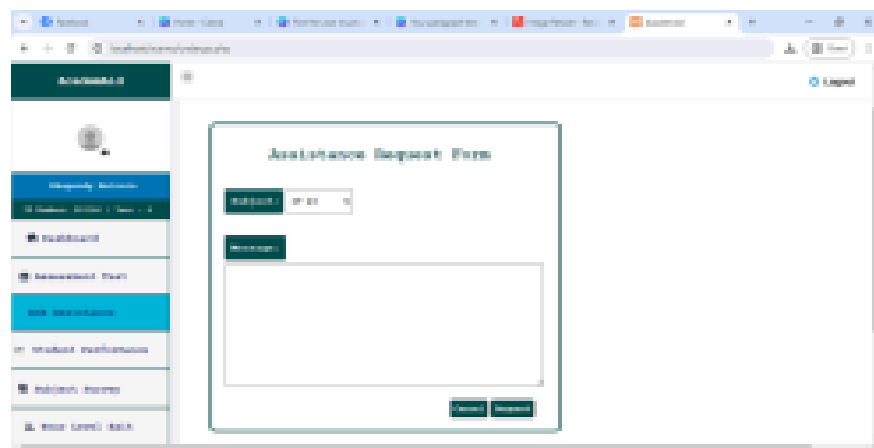

The student user can choose whatever major subject he will take as long as it is not beyond his year level.

## HOW TO USE

The student user can also ask for assistance to any major subject by typing a message and choosing the specific major subjects in that dropdown list.

The screenshot shows a web browser window displaying the 'Assistance Request Form'. The browser's address bar shows the URL 'localhost:3000/assistance'. The page has a dark green header with the text 'Assistance Request Form' and a 'Logout' link. On the left, there is a sidebar menu with the following items: 'Dashboard', 'Assistance Request Form', 'Add Assistance Request', 'View Assistance Request', 'Subject Forms', and 'Your User's Data'. The main content area contains the 'Assistance Request Form' with a 'Subject' dropdown menu (currently showing 'IT 01'), a 'Message' text area, and 'Submit' and 'Cancel' buttons at the bottom right.

## HOW TO USE

Upon entering the system, the student user first to view is the dashboard which has mainly displays the announcement.

## LOG-IN PAGE

The screenshot shows a login interface for 'ACADEMAID INTERVENTION PROGRAM'. At the top is the logo, which consists of the word 'ACADEMAID' in a semi-circle above a computer monitor icon, with 'INTERVENTION PROGRAM' written below it. Below the logo is the word 'WELCOME'. There are two input fields: the first is labeled 'Username' with a person icon on the left; the second is labeled 'Password' with a lock icon on the left and an eye icon on the right. Below these fields is a dark blue 'LOGIN' button. At the bottom, there are two links: 'CREATE ACCOUNT' on the left and 'FORGOT PASSWORD?' on the right.

The log-in page where the user create their account and sign-in

# DASHBOARD

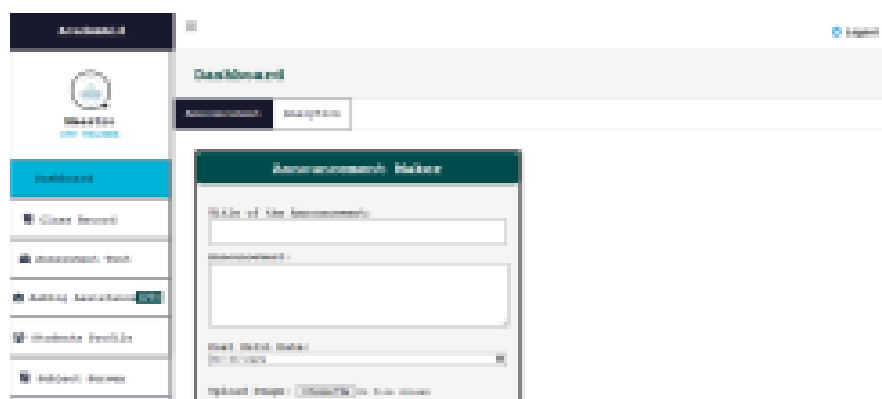

## Student's Dashboard
